B. Reports

A. Principal Report:

Most of our staff has ordered shirts - so we should all be in uniform for pink shirt day. Thank you for organizing this for our school. We have started some work in our school around positive behaviour affirmation. Starting with working to keep our bathrooms clean students have been working on getting 5 min of extra recess if we can keep them clean for a set amount of days. We are doing regular morning announcements to create more community in our school and celebrate things like sports participation. Also as staff we did a circle for our staff meeting where we talked about the values and norms we bring to the school and this is a practice we are working on bringing to our students.

C. Treasurer Report: General Account \$5,776.45 Gaming \$14,719.42

D. DPAC Report:

- Parent engagement survey:

DPAC is also seeking input from parents through a short poll to better understand how families would like to engage with DPAC. The poll asks about preferred ways to participate (such as meetings, online sessions, or communications) and what types of training or guest speakers would be most helpful. This feedback will be used to plan more relevant, accessible, and meaningful parent engagement opportunities.

- Inclusive education support initiative:

DPAC provided an update on a regional effort to connect with neighbouring DPACs to collect parent lived experiences related to classroom conditions, student supports, and inclusive education. PACs will be invited to gather brief parent submissions, which will be compiled across districts and presented to the Ministry of Education to advocate for improved classroom supports, staffing, and learning environments for all students.
